Researchers' (re)use of data and services

Questionnaire

VERSION 1.0

This version contains all topics that will be covered in the final survey. However, we reserve the possibility to make adaptions to the question wording, correct mistakes if any occur and minor changes in general (e.g. spilt questions into multiple questions).

Version 1.0, 5th July 2021

This project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under grant agreement No. 857650.

Introduction

The following pages contain the questionnaire of the EOSC-Pillar Survey on researchers' (re)use of data and services (working title). The aim is to send the questionnaire to researchers of selected organisations in the five EOSC-Pillar countries (Austria, Belgium, France, Germany, Italy).

Because of the length of the questionnaire, we plan to run two surveys: one on reuse behaviour (Questionnaire 1) and one on services (Questionnaire 2). All respondents will receive the Core Module that mostly contains demographic questions.

Information for respondents/ consent form

Information for participants in the EOSC-Pillar study with regard to the processing and re-use of data.

Title of Study: Researchers' (re)use of data and services

This project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under grant agreement No. 857650.

You were selected to participate in the online survey on researchers' (re)use of data and services. The aim of this survey is to identify researchers' needs regarding research data and the use of services. To this end, we invite researchers of all disciplines and career stages in the five EOSC-Pillar countries (Austria, Belgium, France, Germany, Italy) to add their perspective in the survey.

The results will contribute to tailor the research supporting infrastructure in Europe to the requirements of researchers of all disciplines and career stages. To this end, the results of the study will be presented to decision makers and published in an openly accessible report. Ultimately, the goal of this survey is to support the implementation of the European Open Science Cloud (EOSC). EOSC has been proposed in 2016 by the European Commission as part of the European Cloud Initiative to build a competitive data and knowledge economy in Europe.

This survey is being conducted by the partners of the EOSC-Pillar Consortium under the lead of the University of Vienna. The survey will be conducted in Austria, Germany, France, Italy and Belgium.

Your participation in this survey is voluntary. You may refuse to take part in the survey or exit the survey at any time without penalty. You are free to decline to answer any particular question you do not wish to answer for any reason.

Are there any risks when taking part in this study?

We do not anticipate any risks for you from participating in this study.

Who is the responsible party for processing data?

The party responsible for processing data is:
University of Vienna
Universitätsring 1
1010 Vienna
E-mail: dsba@univie.ac.at

Which data do we collect and process?

We collect and process your answers to the questions of the survey. The survey link you have received is not personalized and not connected to you or your contact details in any way.

How do we collect and process your data?

Data collection and processing is carried out in accordance with the GDPR, in particular in accordance with Art. 6 para 1 lit. f. GDPR.

The servers hosting the survey are located in Germany. Once the survey is concluded, the data will be processed by authorized employees of the consortium EOSC-Pillar. Persons who have access to your data are obligated to non-disclosure in case personal data is disclosed by you when answering the survey.

Your answers will be used in aggregated form in publications. In addition, and if you agree, your information can be quoted in research outputs in a pseudonymized form (i.e. we will remove all information that could lead to your identification in case you provide such information).
AUSSDA, the Austrian Social Science Data Archive, will curate and pseudonymize the data, make it comply with the FAIR principles (findable, accessible, interoperable and reusable), archive and preserve it.

In pseudonymized form, the responses to the survey will be available via the AUSSDA data repository with specific access conditions. These conditions are determined on the basis of the data and level of curation/pseudonymization. The data will then be published as Open Access or Scientific Use file in compliance with GDPR standards.

Several EOSC related projects are cooperating to reduce the required amount of repeated data collection activities and to harmonize surveys across countries. Your responses may be linked to answers from your organization in other surveys in the context of open research data and services. This will reduce your respondent burden.

What rights do you have regarding your data?

You have the right to request information about your stored data, its origin, its recipients, and the purpose of its collection at no charge. You also have the right to request that it be corrected, blocked, or deleted. You can contact the responsible party at any time using the address given at the end of this statement, if you have further questions about the issue of privacy and data protection.

Pursuant to Article 77 GDPR, you have the right to complain to a supervisory authority.
In Austria, the supervisory authority is the Data Protection Authority, Barichgasse 40-42, 1030 Vienna, telephone: +43 1 52 152-0, e-mail: dsb@dsb.gv.at, website: dsb.gv.at

ELECTRONIC CONSENT: Please select your choice below. You may print a copy of this consent form for your records. Clicking on the “Agree” button indicates that

- You have read the above information
- You voluntarily agree to participate

I confirm that I have read the information with regard to the processing and reuse of data.

QUESTIONNAIRE

*** Core Module: Questions for all respondents ***

*** Block CM0 Legal and descriptive information ***

L1 I agree that my responses can be quoted in reports and research outputs. These quotes will not contain information that could lead to my identification in order to protect my privacy.

- ☐ 2 – Yes
- ☐ 1 – No

DResearcher Do you perform scientific research?

- ☐ 2 – Yes
- ☐ 1 – No

[if respondents tick "1 – No", they will not receive any other question, but be forwarded to the closing page]

*** Block CM1 Descriptive information ***

[ask only if DResearcher == 2 – Yes]

[Title of the block:] Descriptive information

DDisc. Please indicate in which discipline you are active. If you work in multiple disciplines, please indicate the discipline you feel most affiliated with or in which you spend most of your research time.
help-field: Please see the OECD "Revised field of science and technology (FOS) classification in the Frascati manual" for more information: https://www.oecd.org/science/inno/38235147.pdf]
[single choice, order alphabetically]
[Source of categories: OECD 2007]

- ☐ Natural sciences – Mathematics
- ☐ Natural sciences – Computer and information sciences
- ☐ Natural sciences – Physical sciences
- ☐ Natural sciences – Chemical sciences
- ☐ Natural sciences – Earth and related environmental sciences
- ☐ Natural sciences – Biological sciences
- ☐ Natural sciences – Other natural sciences
- ☐ Engineering and technology – Civil engineering
- ☐ Engineering and technology – Electrical engineering, electronic engineering, information engineering
- ☐ Engineering and technology – Mechanical engineering
- ☐ Engineering and technology – Chemical engineering
- ☐ Engineering and technology – Materials engineering
- ☐ Engineering and technology – Medical engineering
- ☐ Engineering and technology – Environmental engineering
- ☐ Engineering and technology – Environmental biotechnology
- ☐ Engineering and technology – Industrial biotechnology
- ☐ Engineering and technology – Nano technology
- ☐ Engineering and technology – Other engineering and technologies
- ☐ Medical and health sciences – Basic medicine
- ☐ Medical and health sciences – Clinical medicine
- ☐ Medical and health sciences – Health sciences
- ☐ Medical and health sciences – Medical biotechnology
- ☐ Medical and health sciences – Other medical sciences
- ☐ Social sciences – Psychology
- ☐ Social sciences – Economics and business
- ☐ Social sciences – Educational sciences
- ☐ Social sciences – Sociology

- ☐ Social sciences – Law
- ☐ Social sciences – Political science
- ☐ Social sciences – Social and economic geography
- ☐ Social sciences – Media and communications
- ☐ Social sciences – Other social sciences
- ☐ Humanities – History and archaeology
- ☐ Humanities – Languages and literature
- ☐ Humanities – Philosophy, ethics and religion
- ☐ Humanities – Arts (arts, history of arts, performing arts, music)
- ☐ Humanities – Other humanities
- ☐ Agricultural sciences – Agriculture, forestry, and fisheries
- ☐ Agricultural sciences – Animal and dairy science
- ☐ Agricultural sciences – Veterinary science
- ☐ Agricultural sciences – Agricultural biotechnology
- ☐ Agricultural sciences – Other agricultural sciences

Dinstitution. To which of the following institutions (e.g. universities, research performing organisations) are you affiliated?
[multiple choice choice]
[help field: The list below includes all institutions that have been selected for this survey.]

- ☐ List of organisations part of the sample

Dinstimp. How important are the affiliations with these institutions for your research activities in terms of employment contracts, income and amount of average paid working hours?

[array: ask only if respondents ticked more than one option in Dinstitution, ask only for institutions that respondents ticked in Dinstitution]

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant	99 – no response
Institution 1 from Dinstitution	☐	☐	☐	☐	☐	☐	☐	
Institution 2 from Dinstitution	☐	☐	☐	☐	☐	☐	☐	
Institution n from Dinstitution	☐	☐	☐	☐	☐	☐	☐	

DinstotherDum. Are you affiliated with any other universities or research performing organisations? Please consider only affiliations that are at least somewhat important for your research activities in terms of employment contracts, income and amount of average paid working hours.

- ☐ 2 – Yes
- ☐ 1– No

Dinstother. Please note the name(s) of this/these institution(s) in the text field below.

[ask only if DinstotherDum == "2 – Yes"]

[text field]

Dgender. Please indicate your gender.

[single choice]

- ☐ 1 – female
- ☐ 2 – male
- ☐ 3 – prefer not to say
- ☐ 4 – prefer to self-describe:

DPrizes Please think about the last five years, have you received any grants or awards for your research activities?

[multiple choices]

- ☐ 2 – Yes, on an institutional or regional level.
- ☐ 3 –Yes, on a national level.
- ☐ 4 –Yes, on a European level.
- ☐ 5 –Yes, on an international level.
- ☐ 1 – No. [exclusive category]

Dyear How many years have you worked in research since holding a master's (or equivalent) degree or higher?

[single choice]

- ☐ 0 – 5
- ☐ 6 – 10
- ☐ 11 – 15
- ☐ 16 – 20
- ☐ 21 – 25
- ☐ 26 – 30
- ☐ 31 – 35
- ☐ 36 or more

DPhD Have you completed a doctoral degree/PhD?

- ☐ 1 – No
- ☐ 2 –Yes

Dcareer. Please indicate which of the four career stages describes your current position best.

[single choice]

[help-field: Please see the classification scheme of the European Commission for more information: https://cdn5.euraxess.org/sites/default/files/policy_library/towards_a_european_framework_for_research_careers_final.pdf]

[Source of categories (unchanged): European Commission 2011]

- ☐ R1: First Stage Researcher (up to the point of PhD)
- ☐ R2: Recognised Researcher (PhD holders or equivalent who are not yet fully independent)
- ☐ R3: Established Researcher (researchers who have developed a level of independence)
- ☐ R4: Leading Researcher (researchers leading their research area or field)

Dcareerdriver In your research field, how important are the following aspects for career success?

[array question]

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant	77 – don't know
A – Number of publications	☐	☐	☐	☐	☐	☐	☐	☐
B – Quality of publications	☐	☐	☐	☐	☐	☐	☐	☐
C – Publication of data	☐	☐	☐	☐	☐	☐	☐	☐
D – Good teaching evaluation	☐	☐	☐	☐	☐	☐	☐	☐
E – Societal outreach	☐	☐	☐	☐	☐	☐	☐	☐

CommentCM Would you like to comment on any of the questions above?

[long text field]

***Block CM2: Type and sources of (re)used data ***

[ask only if DResearcher == 2 – Yes]

[Title of the block:] Type and sources of (re)used data/material

Rusefreq Please think about your past and current research activities: How important is using the following kind of research data/material for your research?

"help text": Please think about all usage of research data/material irrespective of whether you collected it originally or someone else did. For more explanations of the kind of data, please see https://ddialliance.org/Specification/DDI-CV/KindOfDataFormat_1.0.html

[Source of items (partly adapted, partly unchanged): Data Documentation Initiative (DDI) 2016]

*** Block 2B: Research in an international context ***

[ask only if DResearcher == 2 – Yes]

[Title of the block:] Research in an international context

Eintercoll How important is international collaboration in the following areas for your past and current research activities?

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant
A – writing joint publications	☐	☐	☐	☐	☐	☐	☐
B – collecting research data/material	☐	☐	☐	☐	☐	☐	☐
C – using data/material collected by others (e.g. repositories)	☐	☐	☐	☐	☐	☐	☐
D – using resources and services from shared research facilities (e.g. computing centers, large-scale equipment, laboratories)	☐	☐	☐	☐	☐	☐	☐
X – other, please specify:	☐	☐	☐	☐	☐	☐	☐

EinterName Please list the names of these shared research facilities (e.g. computing centers, large-scale equipment, laboratories) that are important for your research:

[open text field, ask only if Eintercoll "D – using resources and services from shared research facilities (e.g. computing centers, large-scale equipment, laboratories)" == (5 – somewhat important OR 6 – important OR 7 – very important)]

Comment2B Would you like to comment on any of the questions above?

[long text field]

*** Block 2C: Sharing data ***

[ask only if DResearcher == 2 – Yes]

[Title of the block:] Sharing data

EGenerate Please think about your research activities in the last five years, have you or your core research team generated/collected research data/material?

- ☐ 2 – Yes
- ☐ 1 – No

EShareDummy Please think about your research activities in the last five years, have you or your core team shared data/material for others to use?

[ask only if EGenerate == "2 – yes"]

- ☐ 2 – Yes
- ☐ 1 – No

EShare How likely is it that the following reasons stop you from sharing your research data/material?

[multiple choice, randomize items]
[Source: Prandner/Hasengruber 2021]

	7 – very likely	6 –likely	5 – somewhat likely	4 – neutral	3 – somewhat unlikely	2 – unlikely	1 – very unlikely	77 – don't know
A – The desire to further analyse the research data myself.	☐	☐	☐	☐	☐	☐	☐	☐
B – The time required to prepare my research data for publication (e.g. in a data archive).	☐	☐	☐	☐	☐	☐	☐	☐
C – My research data is not of general interest.	☐	☐	☐	☐	☐	☐	☐	☐
D – I am concerned about data protection regulations.	☐	☐	☐	☐	☐	☐	☐	☐
F – The need to consult with the funding agency or a third party.	☐	☐	☐	☐	☐	☐	☐	☐
G – That the research data belongs to the funding agency or a third party.	☐	☐	☐	☐	☐	☐	☐	☐
H – The fear that data will be misinterpreted.	☐	☐	☐	☐	☐	☐	☐	☐

EShareOther Are there any other reasons that would stop you from sharing your research data/material? Please note them below.

[long text field]

Comment2C Would you like to comment on any of the questions above?

[long text field]

*** Block 2D: European services ***

[ask only if DResearcher == 2 – Yes]

[Title of the block:] European services

EServicesEU. Do you think that (developing) the following services (would) help your research? Please indicate how important you perceive the individual services on a European level for your research.

[array question]

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant	77 – don't know
A1 – a European, worldwide accessible (meta)data catalogue for research data in ***your*** discipline	☐	☐	☐	☐	☐	☐	☐	☐
A2 – a European, worldwide accessible (meta)data catalogue for research data for ***all*** disciplines	☐	☐	☐	☐	☐	☐	☐	☐
B – a European, worldwide accessible catalogue for research supporting services (e.g. training, research data management (RDM) and data management plans (DMP) support)	☐	☐	☐	☐	☐	☐	☐	☐
C – a European, worldwide accessible catalogue listing available computing centres and their services	☐	☐	☐	☐	☐	☐	☐	☐
D – a European, worldwide accessible catalogue for available research equipment (e.g. telescopes)	☐	☐	☐	☐	☐	☐	☐	☐

EEOSCfamiliar. Considering everything you know about EOSC, how familiar are you with EOSC?
["Hilfstext": Here is more information on EOSC: https://www.eosc-portal.eu/about/faqs]
[single choice]
[Source: Bodlos et al. 2019]

- ☐ 1 – very familiar
- ☐ 2 – familiar
- ☐ 3 – not very familiar
- ☐ 4 – not familiar at all

Comment2D Would you like to comment on any of the questions above?

[long text field]

*** Block Univie: Research services at the University of Vienna ***

[ask only if DResearcher == 2 – Yes AND if Dinstitution == „University of Vienna“]

VCloud How important are the following technical solutions for storing and/or managing your research data/material?

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant	77 – don't know
A – Microsoft Onedrive	☐	☐	☐	☐	☐	☐	☐	☐
B – Google Drive	☐	☐	☐	☐	☐	☐	☐	☐
C – Dropbox	☐	☐	☐	☐	☐	☐	☐	☐
D – Apple/icloud	☐	☐	☐	☐	☐	☐	☐	☐
E – Univie Ucloud	☐	☐	☐	☐	☐	☐	☐	☐
F – Univie Share	☐	☐	☐	☐	☐	☐	☐	☐
G – Univie Virtual infrastructure	☐	☐	☐	☐	☐	☐	☐	☐
H – Alibaba Cloud	☐	☐	☐	☐	☐	☐	☐	☐
I – Microsoft Azure	☐	☐	☐	☐	☐	☐	☐	☐
J – Amazon Webservices	☐	☐	☐	☐	☐	☐	☐	☐
K – Google Cloud Platform	☐	☐	☐	☐	☐	☐	☐	☐
X – Other, please specify:	☐	☐	☐	☐	☐	☐	☐	☐

VKnow Do you know the following services of the University of Vienna?

[array question, condition: ask only if Dinstitution == „University of Vienna“]

	1 – I know the service and have used it.	2 – I know the service but have not used it.	3 – I don't know the service.
A – Repository PHAIDRA	☐	☐	☐
B – AUSSDA (Austrian Social Science Data Archive)	☐	☐	☐
C – Repository UNIDAM	☐	☐	☐
D – Support regarding Data Management including Data Management Plans (DMPs)	☐	☐	☐
F – Training courses on Data Management and digital preservation of research data	☐	☐	☐

Vimportant How important are the following services of the University of Vienna for your research and teaching?

[array question, condition: ask only if VKnow == 1 – I know the service and have used it. OR VKnow == 2 – I know the service but have not used it.]

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant	77 – don't know
A – Repository PHAIDRA	☐	☐	☐	☐	☐	☐	☐	☐
B – AUSSDA (Austrian Social Science Data Archive)	☐	☐	☐	☐	☐	☐	☐	☐
C – Repository UNIDAM	☐	☐	☐	☐	☐	☐	☐	☐
D – Support regarding Data Management including Data Management Plans (DMPs)	☐	☐	☐	☐	☐	☐	☐	☐
F – Training courses on Data Management and digital preservation of research data	☐	☐	☐	☐	☐	☐	☐	☐

VFuture Do you think that developing the following services at the University of Vienna would be helpful in improving data practices? Please indicate how important you perceive the individual services.

[array question, condition: ask only if Dinstitution == „University of Vienna"]

	7 – very important	6 – important	5 – somewhat important	4 – neutral	3 – somewhat unimportant	2 – unimportant	1 – completely unimportant	77 – don't know
A – Research Data Management in the Bachelor's and / or Master's Curriculum	☐	☐	☐	☐	☐	☐	☐	☐
B –Research Data Management in the PhD curriculum	☐	☐	☐	☐	☐	☐	☐	☐
C – Dedicated staff with a degree and experience in your discipline to offer hands-on support with data management	☐	☐	☐	☐	☐	☐	☐	☐
D – Legal advice on research data management	☐	☐	☐	☐	☐	☐	☐	☐
X – Other, please specify:	☐	☐	☐	☐	☐	☐	☐	☐

CommentUnivie Would you like to comment on any of the questions above?

[long text field]

*** Last survey page ***

[ask only if DResearcher == 2 – Yes, show to respondents of questionnaire 1 and questionnaire 2]

[Title of the block:] Final page

[Description of the block:] You have reached the last page of the survey, thank you for taking time!

FinalFeedback Would you like to comment on the survey in general?

[open text field]

*** Closing page ***

[show to all respondents]

We thank you for your valuable contribution!

If you have any questions or suggestions, please do not hesitate to contact us:

- for Austria: Anita Bodlos and Lisa Hönegger (eosc-pillar.ub@univie.ac.at)
- for Belgium: Inge Van Nieuwerburgh (Inge.VanNieuwerburgh@UGent.be) and Emilie Hermans (Emilie.Hermans@UGent.be)
- for France: Geneviève Romier (genevieve.romier@cc.in2p3.fr)
- for Germany: Jos van Wezel (jos.vanwezel@kit.edu) and Alexandra Wolf-Purkiss (alexandra.wolf@kit.edu)
- for Italy: Sara Di Giorgio (sara.digiorgio@garr.it) and Emma Lazzeri (emma.lazzeri@isti.cnr.it)
- for EOSC-Pillar in general: Fulvio Galeazzi (fulvio.galeazzi@garr.it, Project coordinator)
