Introduction

This document describes the data on party newspaper ads from the 2017 parliamentary elections in Austria, as gathered by the Austrian National Election Study (AUTNES), a National Research Network funded by the Austrian Science Fund (FWF) (grant no. S10903-G11) and the Federal Ministry of Education, Science and Research (BMBWF) within the framework of the Austrian Cooperative Infrastructure for Electoral Research (ACIER).

More information on the variables can be found in the documentation for the AUTNES Content Analysis of Party Press Releases (doi: 10.11587/25P2WR). Inquiries on further details regarding the data and coding can be directed at Laurenz Ennser-Jedenastik (laurenz.ennser@univie.ac.at) at the University of Vienna's Department of Government.

Note that the coding of newspaper ads generates multiple observations for multiple placements of the same ad.

How to cite these data:

Data users are kindly asked to acknowledge the data *and* the accompanying release document. Please refer to the AUSSDA data catalogue (https://data.aussda.at/, doi: 10.11587/SFCAOO) for a recommendation on how to cite the data and the documentation.

Conditions of use

Restrictions

The data are available under the terms listed at the AUSSDA Dataverse.

Confidentiality

AUTNES, the Principal Investigators and the funding institutions bear no responsibility for the use of the data, or for interpretations or inferences based on their use, neither do they accept liability for indirect, consequential or incidental damages or losses arising from use of the data.

Deposit requirement

In order to facilitate exchanges within the scientific community and to provide funding agencies with essential information about the use of archival resources, users of the AUTNES data are requested to notify the AUTNES team of all forms of publications making use of AUTNES data (mail@autnes.at).

v1 id

- *Description:* Individual identification number for each observation.
- *Type:* string

v2 medium

- *Description:* Type of advertising medium.
- *Type:* numeric
- *Values:*
    - (1) newspaper ad

v3 source

- *Description:* Title of publication [daily newspaper] for all observations.
- *Type:* numeric
- *Values:*
    - (1) Der Standard
    - (2) Die Presse
    - (5) Heute
    - (6) Kleine Zeitung
    - (7) Kronen Zeitung
    - (8) Kurier
    - (10) Österreich
    - (13) Salzburger Nachrichten

v4 date

- *Description:* Date on which the ad was published.
- *Type:* numeric daily date

v6 position

- *Description:* Variable indicates where ads were placed in the newspaper.
- *Type:* numeric
- *Values:*
    - (1) main part ('Hauptblatt')
    - (2) enclosure ('Beilage')
    - (3) regional section ('Regionalteil')

v7 page

- *Description:* Number of the page that features the ad.
- *Type:* numeric

v8 size_horizontal

- *Description:* Horizontal size of the ad in centimetres.
- *Type:* numeric

v9 size_vertical

- *Description:* Vertical size of the ad in centimetres.
- *Type:* numeric

v10 subject_advertiser

- *Description:* Name of the organisation (parties and ancillary organisations) sponsoring the ad/poster.
- *Type:* numeric
- *Values:* according to AUTNES list of organisations

v11 subject_advertiser: simplified

- *Description:* Organisations coded in v11 summarized into political parties.
- *Type:* numeric
- *Values:* according to AUTNES list of organisations
    - (1100000) Social Democratic Party of Austria (SPÖ)
    - (1200000) Austrian People's Party (ÖVP)
    - (1300000) Freedom Party of Austria (FPÖ)
    - (1400000) Austrian Green Party (Greens)
    - (2400000) NEOS - The New Austria and Liberal Forum

v12 design

- *Description:* During the coding process, the ads were given a specific name including the party and a short description of the content (in most cases using the ads' slogan). These names are unofficial and only serve identification purposes.
- *Type:* numeric
- *Values*: not shown since N=274. Example:
    - (10) Diesmal Kurz. Damit sich was bewegt!

v13 type

- *Description:* Type of ad.
- *Type:* numeric
- *Values*:
    - (1) classical ad
    - (2) announcement

v14 testimonial

- *Description:* Does the ad include a testimonial (thus an endorsement from outside the party)?
- *Type:* numeric
- *Values*:
    - (1) yes
    - (2) no

v15 issue

- *Description:* Main issue mentioned in ad.
- *Type:* numeric
- *Values:* according to AUTNES list of issues (Level II)
    - (99999) not classifiable

Variables referring to 'friends' and 'opponents'

Note the following definition of the two types of actors:

- 'friend': any individual or organisation positively mentioned in the ad (apart from the advertiser); up to five friends were coded
- 'opponent': any individual or organisation negatively mentioned in the ad; up to five opponents were coded

v20 object_friend1: individual

- *Description:* Name of friend1 mentioned in the ad (if it is an individual).
- *Type:* numeric
- *Values*: according to AUTNES list of individuals
    - (1) no individual actor

v21 object_friend1: organisation

- *Description:* Organisation of friend1 mentioned in the ad (if there is an organisational affiliation or the actor is an organisation).
- *Type:* numeric
- *Values*: according to AUTNES list of organisations

v22 object_friend1: text/image

- *Description:* How was friend1 presented in the ad/poster?
- *Type:* numeric
- *Values*:
    - (1) text only
    - (2) text and image
    - (3) image only

The variables v25 through v42 are coded analogous to v20 through v22:

v25 object_friend2: individual
v26 object_friend2: organisation
v27 object_friend2: text/image
v30 object_friend3: individual
v31 object_friend3: organisation
v32 object_friend3: text/image
v35 object_friend4: individual
v36 object_friend4: organisation
v37 object_friend4: text/image
v40 object_friend5: individual
v41 object_friend5: organisation
v42 object_ friend5: text/image

v45 object_opponent1: individual

- *Description:* Name of opponent1 mentioned in ad (if it is an individual).
- *Type:* numeric
- *Values:* according to AUTNES list of individuals
    - (1) no individual actor

v46 object_opponent1: organisation

- *Description:* Organisation of opponent1 presented in ad (if there is an organisational affiliation or the actor is an organisation).
- *Type:* numeric
- *Values:* according to AUTNES list of organisations

v47 object_opponent1: text/image

- *Description:* How was opponent1 presented in the ad?
- *Type:* numeric
- *Values*:
    - (1) text only
    - (2) text and image
    - (3) image only

The variables v50 through v67 are coded analogous to v45 through v47:

v50 object_opponent2: individual
v51 object_opponent2: organisation
v52 object_opponent2: text/image
v55 object_opponent3: individual
v56 object_opponent3: organisation
v57 object_opponent3: text/image
v60 object_opponent4: individual
v61 object_opponent4: organisation
v62 object_opponent4: text/image
v65 object_opponent5: individual
v66 object_opponent5: organisation
v67 object_opponent5: text/image

v70 prefencevote_individual

- *Description:* Name of candidate advertising for a preference vote.
- *Type:* numeric
- *Values*: according to AUTNES list of individuals

v71 prefencevote_party

- *Description:* Party affiliation of candidate advertising for a preference vote.
- *Type:* numeric
- *Values*: according to AUTNES list of organisations

v72 web1

- *Description:* URL of first website mentioned.
- *Type:* string

v73 web2

- *Description:* URL of second website mentioned.
- *Type:* string

v74 web3

- *Description:* URL of third website mentioned.
- *Type:* string

v75 facebook

- *Description:* Name of Facebook presence, if mentioned.
- *Type:* string
